

join together as TESAC with TRCC to present:

## Connect - putting the pieces together

HETTANZ, NZGTTA, NZACDITT and TENZ working to deliver a conference with:-

- 'take home' value
- contextualised learning
- culturally responsive pedagogy for 21<sup>st</sup> century classrooms
- course and programme planning development opportunities
- industry and business sector experts, presentations and visits
- latest research findings
- leadership development
- practical workshops
- time for networking and sharing 'stories' from the classroom
- registered teacher criteria evidence
- updates and feedback on vocational tertiary pathways
- *and* much more.....

This is a conference for Technology educators (in Primary, Secondary and Tertiary sectors) involved in **Design and Visual Communications / Graphics; Manufacturing and Processing Technologies; Construction and Mechanical Technologies; Digital Technologies and Computer Science; Food Technology and Home Economics; Textiles and Soft Materials.**

An opportunity to focus on future-oriented views of knowledge and learning; and to explore the position of Technology in 21<sup>st</sup> century education.
